A calendar grid for the month of February 2025. The grid consists of a header row and 28 numbered rows below it. The header row contains the day of the week for each day of the month. The grid is pre-filled with light blue vertical bars on Saturdays (days 1, 8, 15, 22) and dark blue vertical bars on Sundays (days 2, 9, 16, 23, 24). The remaining cells of the grid are empty and contain horizontal dashed lines.
